Our Mission

The mission of Memory Care Home Solutions is to extend and improve quality time at home for families caring for loved ones with memory loss, dementia or Alzheimer's disease. This mission is achieved through the **Customized In-Home Training and Consultation Program** designed to reduce caregiver stress, promote the functioning ability of the person with dementia and reduce healthcare costs. These programs are provided free of charge, thanks to generous support from individuals, foundations and corporations. Washington University in St. Louis collaborates with the organization to evaluate outcome success.
